### **NOTICE OF ABANDONMENT**

1. Applicant's amendment with 3 months extension filed on 3/29/2005 was crossed in the mail with the Notice of Abandonment mailed on 4/1/2005. Since the amendment filed on 3/29/2005 was filed timely, the Notice of Abandonment mailed on 4/1/2005 is hereby withdrawn. This application is allowed for the following reasons.

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

Claims 20, 21, and 23-39 have been carefully considered in view of the specification and figures 1-3 of the invention. The references of the record fail to teach or suggest at least two motors connecting to a single servo amplifier by power lines and feedback lines for returning feedback signals for evaluation, and power switches are articulated by the control signals received from a logic module for selectively switching one of the at least two motors. The references of the record also fail to teach or suggest a single servo amplifier connected to at least two motors and a multiplexer is arranged downstream of the single servo amplifier. A decoder is connected to the multiplexer for controlling the multiplexer, and encoder lines are connected the single servo amplifier to the decoder for triggering the multiplexer. The at least two motors each have a bidirectional driver connected by bidirectional data lines to the multiplexer for controlling the at least two motors.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
